APPARELS & ACCESORIES

FROM THE FOUNDER

When it comes to personal style, you shouldn't have to choose between your wallet and your vision. Budget-friendly customized accessories offer the perfect middle ground, allowing you to express your individuality without the "luxury" price tag.

High Quality at Affordable Price.

We believe that "affordable" shouldn't mean "cheap." By optimizing our production process and sourcing durable materials—like high-grade acrylics, sustainable cottons, and resilient metals—we ensure that every piece feels premium. We don't compromise on quality because we want your accessories to last as long as the memories they represent

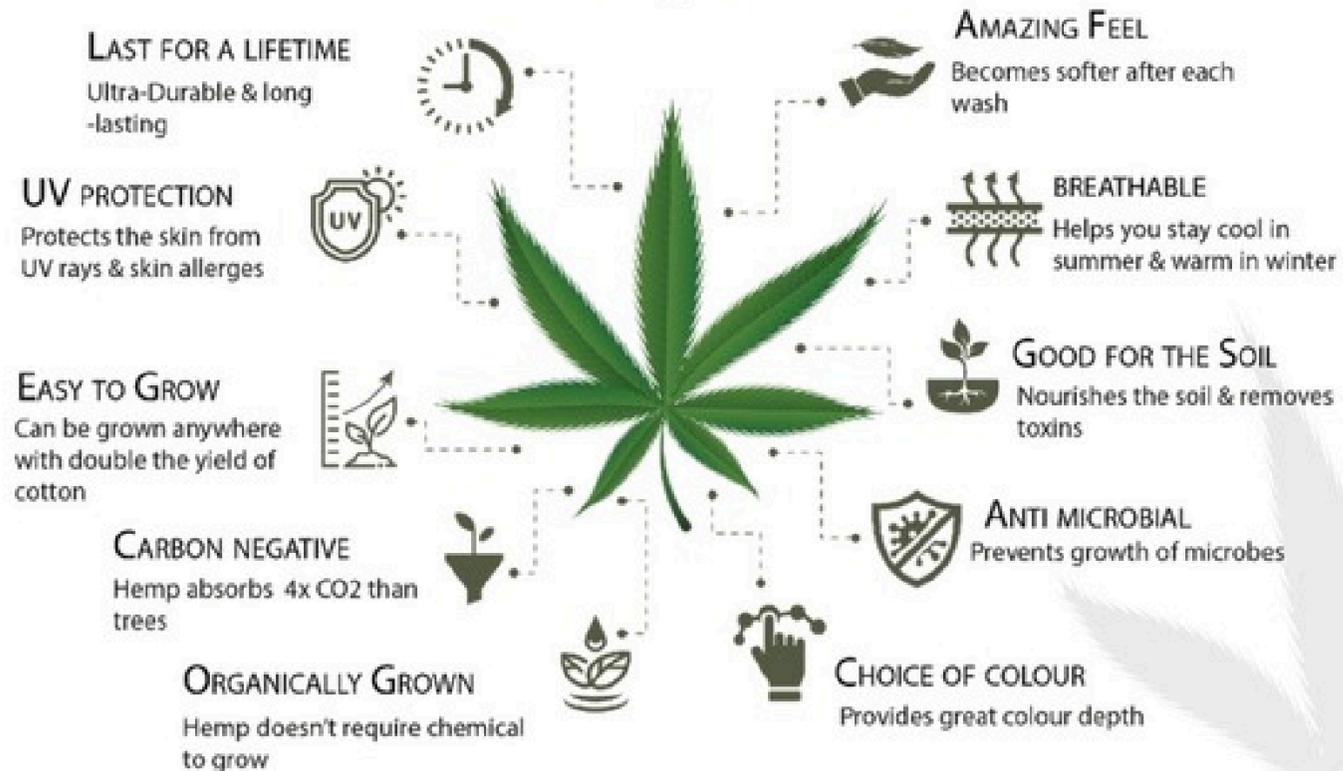

Dhivya Gopalakrishnan

Timeless craft, Natural soul

Made from Hemp and natural fibres at the core, our products offer sustainability, durability, and eco conscious design. Hemp is nature's powerhouse-strong, fast-growing, and earth friendly. It uses less water, leaves a smaller footprint, and provides long lasting comfort. By choosing our hemp collection, you're making a smart, stylish choice for a greener future.

ECO-FRIENDLY PRODUCTS

Aura Apparels' eco-friendly collection is thoughtfully curated with nature and sustainability at its core. Our products are made from natural, 100% organic, and toxin-free materials that are safe for people and the planet. The range includes biodegradable essentials such as bamboo products, tissue papers, soaps, essential oils, and natural cosmetics, along with many other eco-conscious items. We also offer a strong and stylish collection of jute and hemp products, combining durability, functionality, and environmental responsibility.

The Foundation: Pure Virgin Coconut Oil

Every bar begins with a base of cold-pressed virgin coconut oil. Unlike refined oils, the cold-pressing process retains the oil's natural antioxidants and fatty acids. This ensures a rich, creamy lather that deeply moisturizes the skin rather than stripping it of its natural oils.

Nature's Powerful Ingredients

We utilize Earth-derived elements to target specific skin needs without the use of synthetic detergents or "fragrance" chemicals:

Activated Charcoal: Acts like a magnet to pull out dirt, toxins, and excess oil from deep within the pores. Perfect for a detoxifying deep clean.

Healing Clays: Various natural clays are used to gently exfoliate and mineralize the skin, leaving it smooth and refreshed.

Multani Mitti (Fuller's Earth): A time-honored ingredient known for brightening the complexion, reducing oiliness, and soothing inflammation.

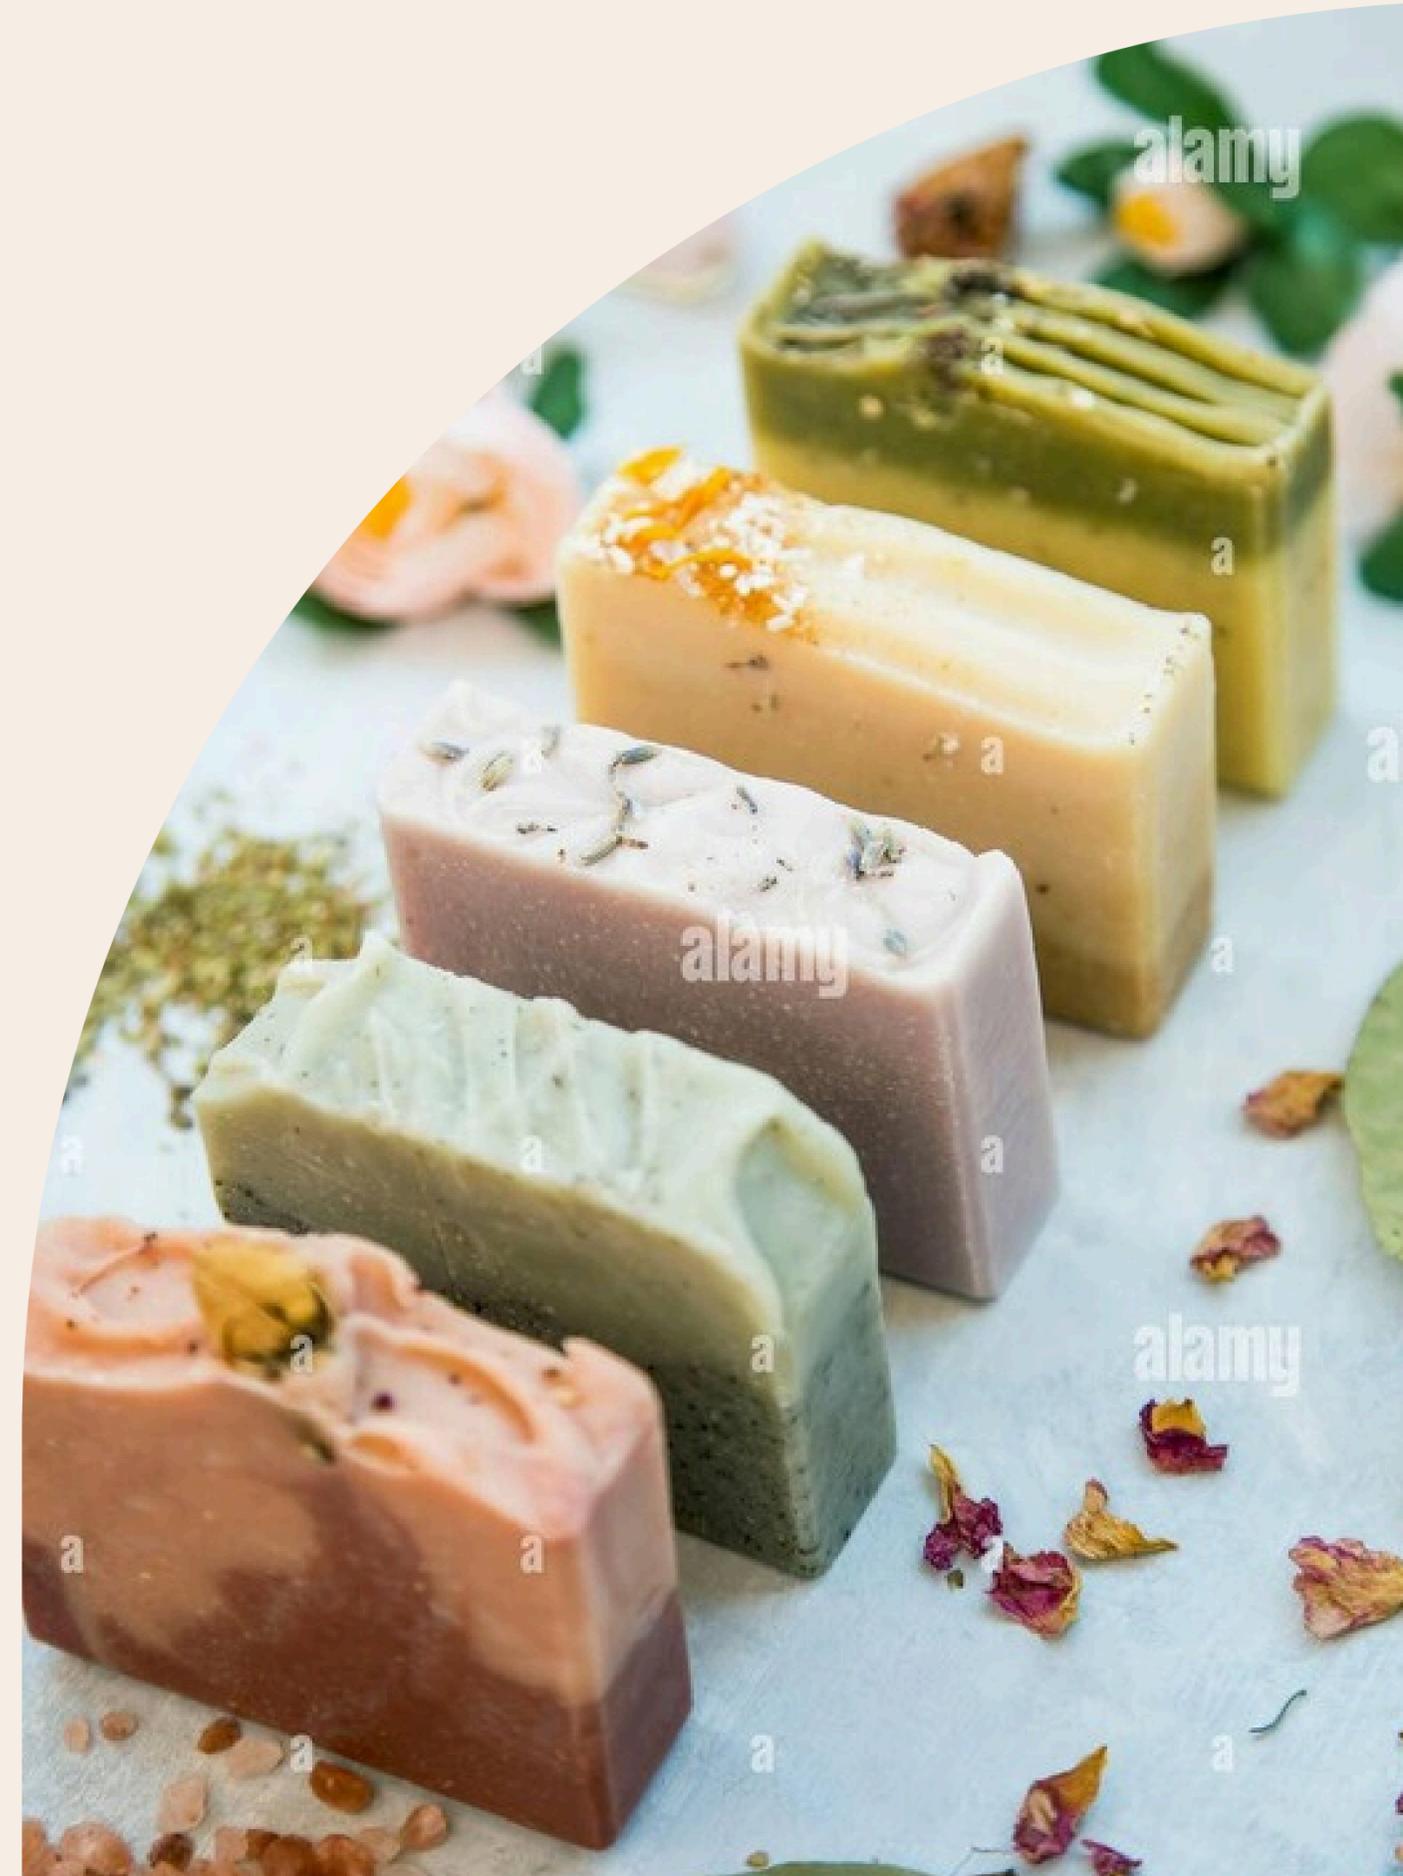

Pure Essential Oils: We use plant-derived essential oils for scent and therapeutic benefits, ensuring the product remains 100% toxic-free and synthetic-fragrance-free.

Why Choose Handmade?

Chemical-Free: Absolutely no parabens, sulfates (SLS/SLES), or phthalates.

Sensitive Skin Friendly: Because we omit harsh hardening agents and artificial foaming chemicals, these soaps are gentle enough for even the most sensitive skin types.

Eco-Friendly: Biodegradable ingredients that are as kind to the planet as they are to your body.

ESSENTIAL OILS

Premium 100% Pure Essential Oils

Our essential oils are crafted for those who refuse to compromise on purity. We specialize in supplying 100% natural essential oils, meticulously extracted directly from nature's finest botanicals. By bridging the gap between raw plants and your well-being, we ensure that every drop carries the potent, life-giving essence of its source.

Why Choose Our Supplies?

We take pride in maintaining a "farm-to-bottle" integrity that sets our quality apart:

Zero Chemicals: Our oils are free from synthetic additives, parabens, and fillers.

No Artificial Fragrances: The scents you experience are entirely plant-derived, offering true aromatherapeutic benefits rather than just a smell.

High-Quality Extraction: We use specialized methods to preserve the delicate molecular structure of the oils, ensuring maximum potency.

Ethically Sourced: Every batch is derived from nature using sustainable practices.

Our Commitment: We provide only the highest grade of essential oils to ensure that whether you are using them for professional therapy or personal home care, you are receiving the safest and most effective product available.

Key Product Features

100% Organic Bamboo: Derived entirely from nature using fast-growing, renewable bamboo fibers rather than traditional timber.

Pure & Chemical-Free: These napkins are produced with zero chemicals, artificial fragrances, or dyes. They are free from Optical Brightening Agents (OBA), making them safe for food contact and sensitive skin.

Superior Strength (2-Ply): Featuring a 2-ply construction, they offer enhanced absorbency and durability, ensuring they won't tear easily even when wet.

Hypoallergenic & Soft: The natural fibers provide a gentle, "quiet" softness that is hypoallergenic and comfortable for all skin types.

Sustainable Impact: By choosing bamboo over wood pulp, you help reduce deforestation and carbon emissions, as bamboo matures in just 3-5 years compared to decades for most trees

Aura Naturals: The Eco-Friendly Deodorant Collection

The Aura Naturals collection is our premier eco-friendly line, designed for those who seek a cleaner, greener way to stay fresh. Our deodorant is more than just a daily essential; it is a commitment to your body's health and the planet's well-being. Crafted with a philosophy of transparency, we use only real, natural ingredients that work in harmony with your skin.

Clean Formula Guarantee

We believe what you put on your body is just as important as what you put in it. Our formula is strictly:

Toxin-Free: No hidden chemicals or harmful additives.

Aluminium-Free: Allows your body to breathe naturally without blocking pores.

Zero Harsh Synthetics: Completely free from Parabens, Sulphates, and SLS.

No Artificial Fragrance: The clean, refreshing scent is derived entirely from nature, not a lab.

WHY CHOOSE NATURAL DEO...

The Hidden Dangers of Chemical Deodorants

While conventional deodorants and antiperspirants are designed to mask odors, they often come at a significant cost to your long-term health. Most chemical-based products rely on harsh antibacterial agents and aluminum to achieve their results, but these ingredients do not discriminate between friend and foe in your body's delicate ecosystem.

Disrupting the Microbiome

Your underarms are home to a complex community of microbes. Chemical deodorants act like a broad-spectrum antibiotic, killing both the bad bacteria and the good bacteria simultaneously.

The Loss of Good Bacteria: These beneficial microbes act as a natural defense shield. When they are wiped out, the skin's natural balance is destroyed.

The "Rebound" Effect: By killing the good bacteria, you often pave the way for even more pungent, odor-causing bacteria to take over, making you more dependent on chemical products.

Impact on the Immune System

The destruction of your underarm microbiome goes deeper than just skin level. Because the skin is your body's largest organ and a primary gatekeeper for the immune system, stripping away its natural bacterial flora can have systemic effects:

Weakened Defense: Good bacteria play a vital role in training and supporting your immune responses. By killing them off, you weaken your body's localized ability to fight off actual pathogens.

Toxic Absorption: Without a healthy layer of good bacteria to protect the pores, the body more easily absorbs the toxins found in these deodorants (like parabens and phthalates), which can further stress your immune and endocrine systems.

The Healthy Alternative: Switching to a natural, toxin-free formula allows your body to maintain its essential "good" bacterial colonies, ensuring your immune system remains robust while keeping you naturally fresh.

Thank you!
