

ABOUT US

Aura Apparels & Accessories is a premium apparel business dedicated to delivering high quality garments and customised accessories at highly competitive rates. We also offer eco-friendly products, combining style with responsibility towards the environment

The logo for Aura Apparels & Accessories features the word 'aura' in a black, elegant, cursive script. The letters are fluid and connected, with a long, sweeping tail on the final 'a' that extends to the right edge of the frame.

APPARELS & ACCESSORIES

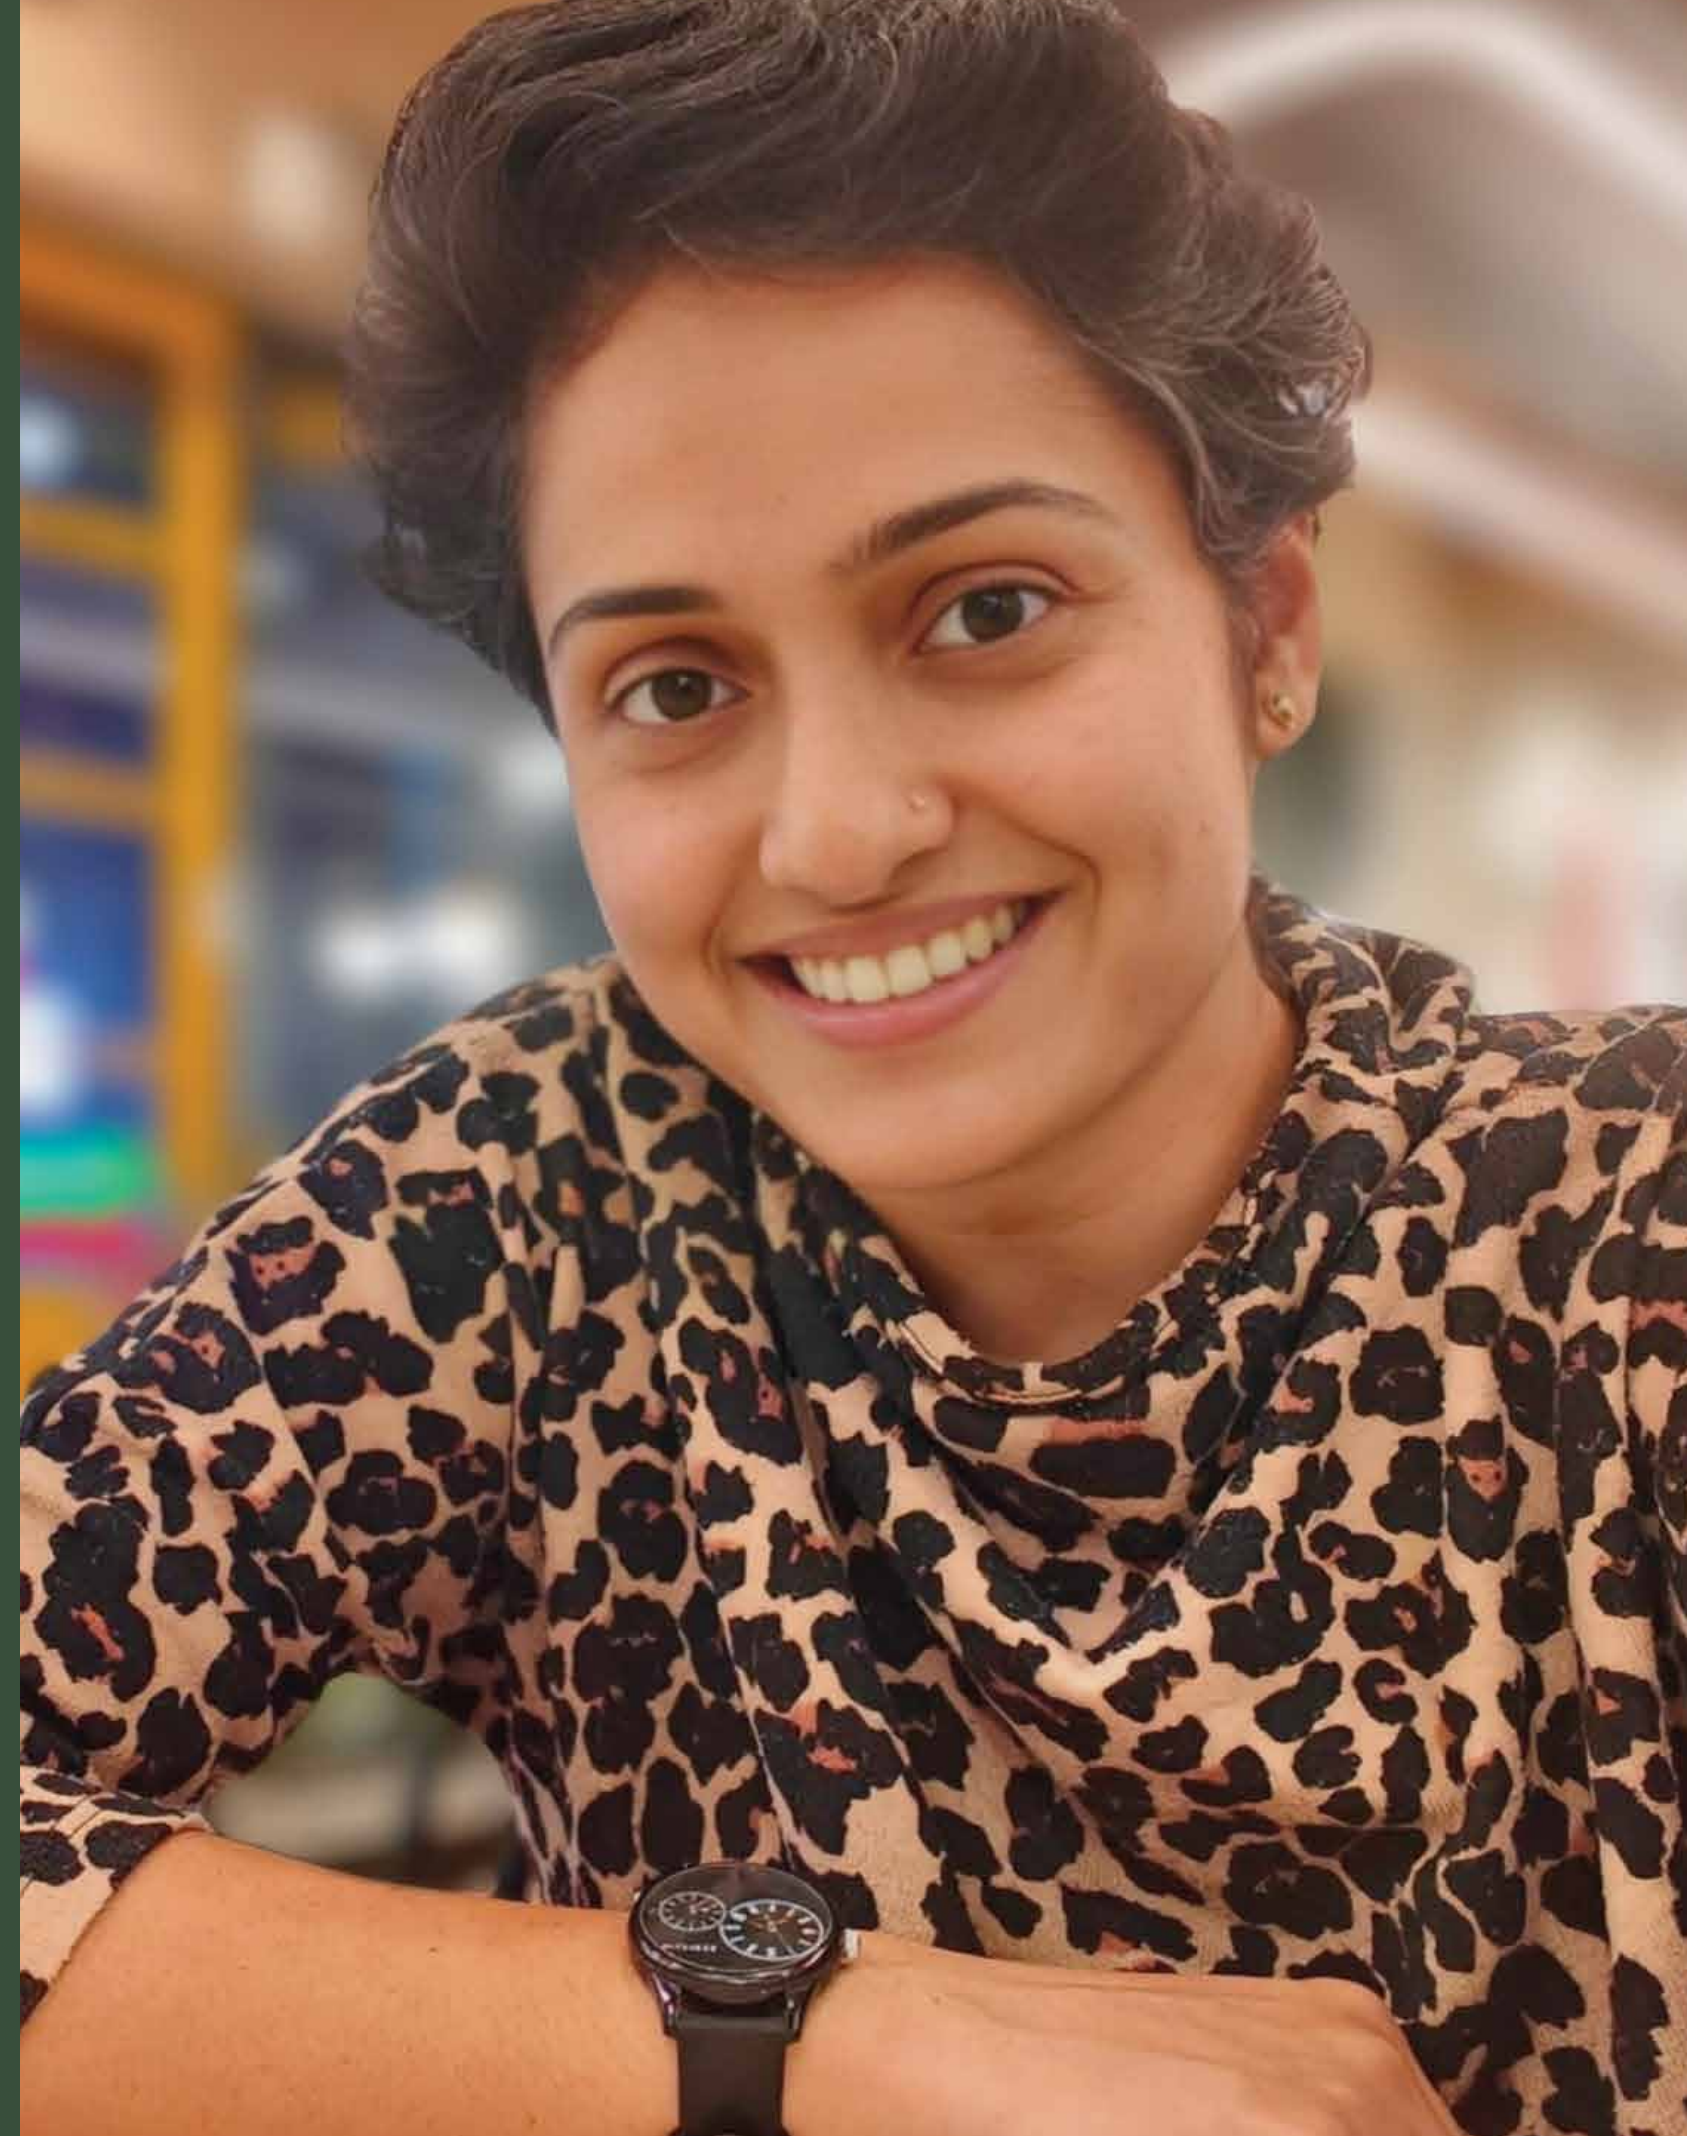

FROM THE FOUNDER

When it comes to personal style, you shouldn't have to choose between your wallet and your vision. Budget-friendly Apparels and customized accessories offer the perfect middle ground, allowing you to express your individuality without the "luxury" price tag.

High Quality, Affordable Price

We believe that "affordable" shouldn't mean "cheap." By optimizing our production process and sourcing durable materials—like high-grade acrylics, sustainable cottons, and resilient metals—we ensure that every piece feels premium. We don't compromise on quality because we want your Apparels and accessories to last as long as the memories they represent.

Dhivya Gopalakrishnan

Our products are crafted with a strong commitment to durability, functionality, and aesthetic finish, ensuring they stand out in both quality and design. Each item we showcase is available in two clearly defined quality tiers—medium and high quality—allowing customers to choose what best suits their needs and budget. Pricing varies based on the selected quality level, the quantity ordered, and the specific finish applied, giving our clients the flexibility to tailor their choices without compromising on value. By offering these options, we ensure a convenient and transparent selection process while accommodating the unique requirements of every customer we serve.

MEN'S DRI FIT SHORTS

Our men's performance shorts are engineered for those who demand the highest quality from their training gear. We provide premium, durable apparel designed to withstand the toughest workouts while keeping you fresh and comfortable. By integrating advanced anti-bacterial and anti-odor technologies, our shorts prevent the growth of odor-causing microbes, ensuring you stay confident from the gym to the street.

Key Features of Our Performance Shorts

- High-Quality Fabric: Durable, lightweight, and built for maximum range of motion.
- Anti-Bacterial Coating: Keeps the fabric hygienic even during high-intensity training.
- Anti-Odor Technology: Neutralizes scents to keep you fresh throughout the day.
- Moisture-Wicking: Rapidly draws sweat away from the skin for quick evaporation

COST DETAILS
Rs 425 + GST.

Note - The product can be customised further based on the customer's requirements.

ACTIVE WEAR - MEN'S CYCLING SHORTS

Men's Pro-Performance Cycling Shorts

Engineered with the latest technology, our cycling shorts feature a 4-way Lycra fabric for maximum stretchability and unrestricted movement. They incorporate cutting-edge finishes like anti-odor and anti-bacterial treatments to ensure hygiene and freshness. This advanced construction minimizes friction to prevent rashes, making the shorts extremely comfortable and ideal for long-distance rides.

✦ Key Features

- Latest Technology: Incorporates modern textile science for peak performance.
- 4-Way lycra Fabric: Offers maximum stretchability and a dynamic fit.
- Anti-Odor & Anti-Bacterial: Provides hygiene and lasting freshness.
- Rash Prevention: Smooth finish ensures superior comfort without irritation.
- Extreme Comfort: Designed to feel like a second skin during long rides.

COST DETAILS

80% Nylon 20% Spandex. **MRP 390 + GST.**

MOQ 100

Note - The product can be customised further based on the customer's requirements.

Template Presentation

MICROFIBRE HAND TOWELS

A microfiber hand towel for the gym is a specialized, compact towel made from tiny synthetic fibers (usually a blend of polyester and polyamide). Its key features make it perfect for workouts:

- Superior Absorbency: It quickly wicks away sweat from your body, face, and hands, helping you stay dry.
- Quick-Drying: It dries much faster than standard cotton, preventing the buildup of mildew and odor in your gym bag.
- Lightweight & Compact: It's thin and light, taking up minimal space in your gym bag.
- Hygienic: It's used to wipe down equipment after use to maintain cleanliness, and some are even treated with antibacterial properties.

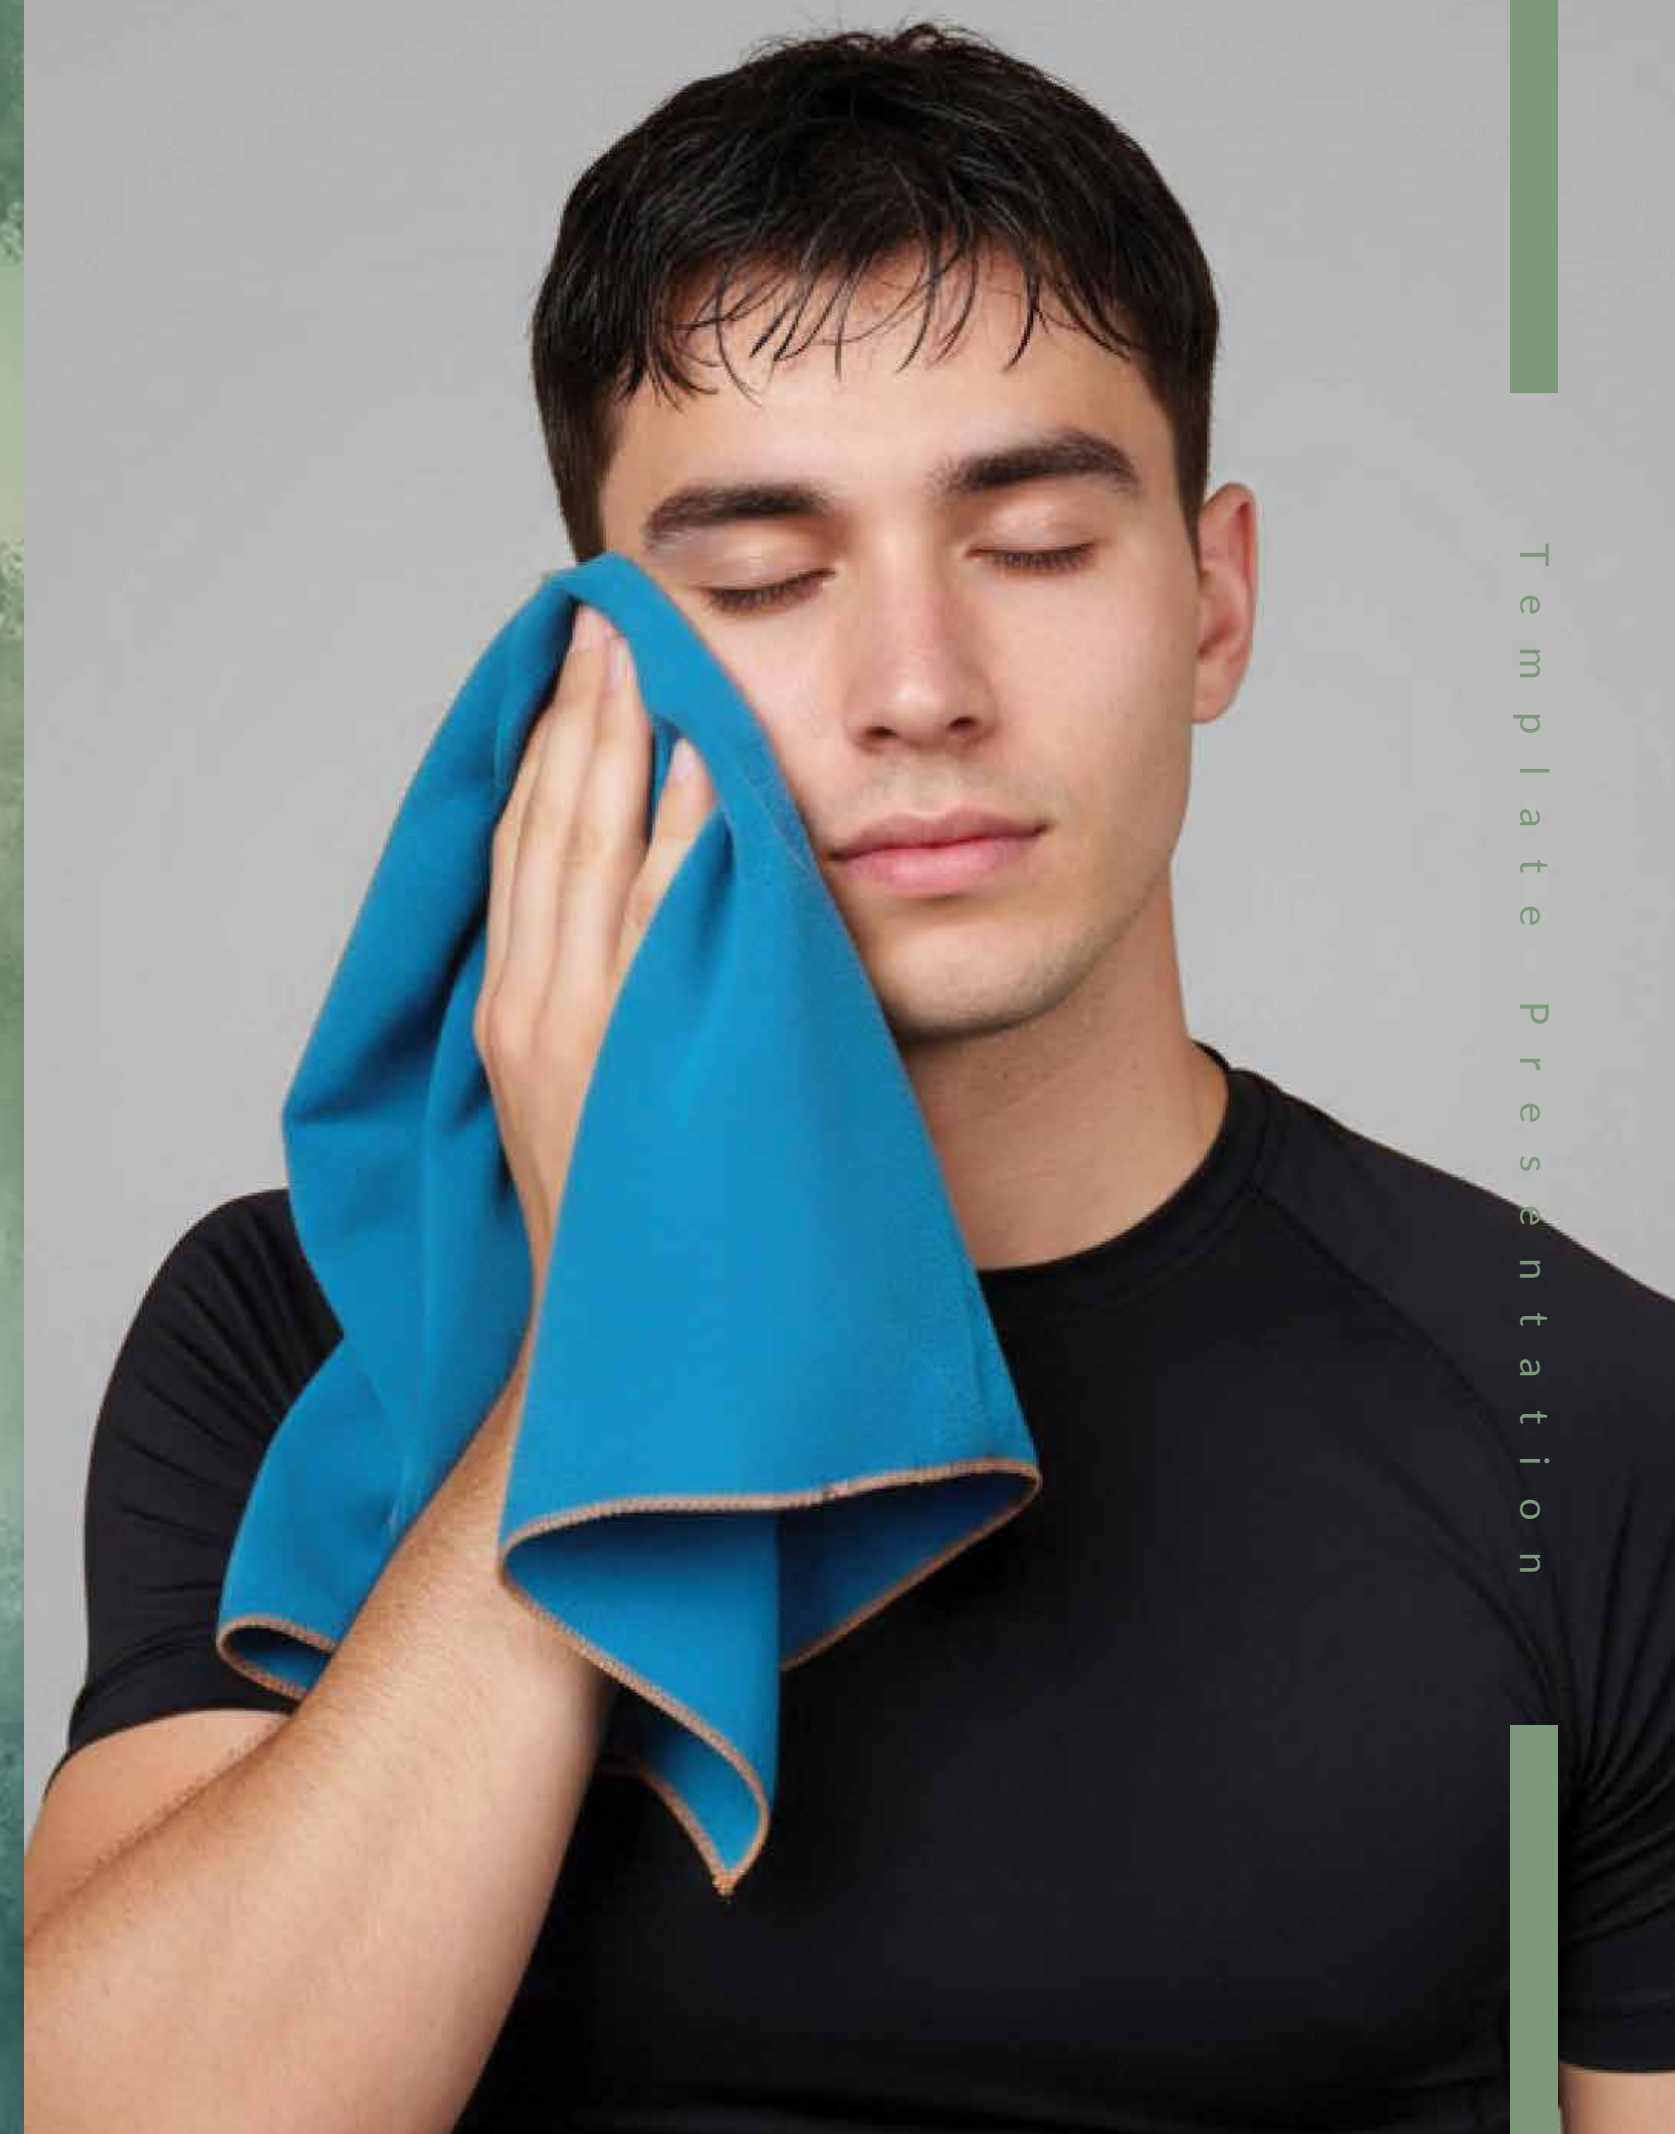

In short, it's the lightweight, super-absorbent, and fast-drying choice for gym-goers who need a convenient way to manage sweat and hygiene during their workout.

COST DETAILS

Fabric Content - 100% Microfibre **Rs 99**

MOQ 100

Note - The product can be customised further based on the customer's requirements.

MEN'S WINTER WEAR - THERMALS

Ultimate Comfort Thermal Wear

This thermal set is the ultimate base layer for warmth and comfort, featuring a premium quality cotton blend fabric.

- Superior Warmth: The fabric is expertly brushed on the inside to create a soft, fleecy texture that efficiently traps body heat, providing exceptional warmth in cold weather.
- Irritation-Free Comfort: It is designed for sensitive skin, ensuring it doesn't irritate and remains very comfortable for all-day wear.
- "Snug as a Bug" Fit: The garments are tailored to have a snug fit, sitting close to the body like a second skin. This contouring ensures maximum thermal retention without being restrictive, maintaining warmth and allowing for easy layering.

This thermal wear perfectly combines quality insulation with breathable comfort. **It's available in three variations for heavy winters and light winters with four colour options .**

OPTIONS AND PRICE RANGE

HEAVY WINTERS - Cotton/ Polyester / Lycra, 250 GSM (Brushed) - Price - **Rs 985+ GST** (Set)

LIGHT WINTERS - Polyester / Viscose / Cotton , GSM 220 GSM , Price- **Rs 755 + GST** (Set)

MOQ 200

Note - The product can be customised further based on the customer's requirements.

MEN'S WINTER WEAR - SWEATSHIRT

Ultimate Comfort Thermal Wear

This thermal set is the ultimate base layer for warmth and comfort, featuring a premium quality cotton blend fabric.

MOQ 100

Note - The product can be customised further based on the customer's requirements.

MEN'S POLO T-SHIRT

The Fabric Face-Off

The Men's Polo T-shirt is a classic staple, bridging the gap between a casual tee and a formal shirt. It is primarily available in two distinct fabric versions, each serving a specific purpose:

- **100% Pure Combed Cotton** : This fabric is highly valued for its natural softness and breathability. Made from high-quality yarns, cotton is supremely comfortable and gentle on the skin. It is ideal for casual wear and lounge wear, providing all-day comfort for relaxed outings or a day at home. The quality of cotton polos can vary across different tiers, with premium versions offering superior feel and durability.
- **Dri-FIT (Performance/Polyester) Version:** This is a high-performance synthetic fabric engineered to wick sweat away from the body to the fabric's surface, where it evaporates quickly. This moisture-management system keeps the wearer dry, odour free and light. The Dri-FIT version is ideal for active wear and workouts, as its quick-drying properties and durability support intense physical activities and help maintain performance.

In essence, cotton is the choice for comfort, style, and everyday casual elegance, while Dri-FIT is the go-to for functionality and performance during exercise.

COST DETAILS

- 100% Combed Cotton, 240 GSM Piquet - **RS 455 + GST.**
- 100% Semi Combed , 240 GSM - **RS 350 + GST.**
- 100% Mars Polyester - **RS 360 + GST.**
- DRI FIT Polo Piquet , 180 GSM - **RS 380 + GST.**

MOQ 100

Note - The product can be customised further based on the customer's requirements.

OTHER ITEMS - BALACLAVA

A balaclava is a versatile head and neck covering prized for providing essential protection and comfort across various conditions.

The material used determines its primary function, with two popular options:

1. Cotton/Lycra Blend: This version typically uses 100% Cotton blended with Lycra (Spandex). This composition gives it additional stretchability for a snug, adaptable fit and makes it very comfortable. It is gentle and does not irritate the skin, making it an excellent choice for general use, sun protection, or as a lightweight, hygienic liner under helmets.
2. Fleece: This option is crafted from insulating Fleece material, which is ideal for heavy winters. Fleece is lightweight yet provides significant warmth, effectively protecting the face and neck from cold and wind while you engage in outdoor activities.

COST DETAILS

SUPERIOR QUALITY - 100,% Combed Cotton with lycra - **RS 130 + GST.**

STANDARD QUALITY - 100% Cotton - **Rs 85 + GST.**

MOQ 100

Note - The product can be customised further based on the customer's requirements.

ALL TERRAIN JUNGLE BOOTS.

The jungle boot is a hybrid, combining the durability of leather with the breathability of synthetic fabrics built on **Drain & Dry** principle. It's ideal for Tropical climates like the North East or the Ghats where soldiers frequently cross the rivers, walk through marshes, or endure heavy monsoons. With Drain & Dry technology it prevents the risk of trench foot, fungal infections and tropical ulcers since the boots allow the foot to breathe and drain. The key features include -

- Quick drying:
- Rapid drainage:
- Breathable Uppers:
- Puncture Protection:
- light weight:
- Ankle support :

EMBROIDERED PATCH

This premium, high-definition embroidered patch is designed to be worn on the sleeve, offering a sharp and professional finish for tactical gear or specialized uniforms.

Product Features

Intricate Detailing: The design features a multi-headed cobra motif, symbolizing power and vigilance, paired with a central lightning bolt and traditional thunderbolt symbols.

Precision Craftsmanship: Each element is rendered with high-density embroidery, ensuring that the lines and textures remain clear and distinct when applied to fabric.

Durable Construction: Crafted with a focus on quality, the patch is built to withstand rigorous use, making it ideal for tactical or field-grade applications.

Versatile Application: The shield shape is perfectly suited for shoulder or sleeve placement, providing a balanced and authoritative look on tactical apparel.

COST DETAILS

Rs 85 Including GST.

EMBROIDERED PATCHES.

- Patch is extremely well made using high quality Japanese embroidery machine.
- Sizes can be customised accordingly.
- Option of sew-on or hook backed patch
- Used by Indian soldiers.
- Can be used on any velcro loop surface or sewn on fabric.

PRICE RANGE.

Rs 85 to 500 Including GST.

INFRA RED PATCHES.

Customize your lasercut IR patches

Send us your creative or up to 4 letters for creating IR patch for your unit

- Used in covert operations at night to identify friend or foe
- Glows when seen through an IR night vision device. When a Night Vision illuminator (NVG) hits the patch, the patch will reflect the IR energy, the patch will glow, you and your location is identified
- Doesn't glow when seen through naked eyes. So, this is not of much use to troops which do not use night vision device
- Doesn't reflect white light. This means that if the enemy flashes a torch the light doesn't reflect and give away your position. This patch absorbs white light, from a flashlight, and reflects only infrared energy so the patch keeps you hidden.
- Comes with velcro hook backing and can be used on any velcro loop surface
- Normally attached to helmets, shoulders and chest.

TACTICAL TROUSER

Stretchable and breathable Tactical trousers for all kinds of outdoor activities.

- Made of stretchable fabric - **Cotton and Spandex**
- Breathable light weight fabric - Weighs only 600 grams
- Metal zipper fly
- 9 Pockets - 2 front pockets, 2 back pockets, 2 side pockets, 2 zippered pockets and one inner pocket at the back
- Widened belt loops allow different size belts
- A strengthened crotch for enhanced movement
- Double and triple-needle stitching, **good design for outdoor activities**
- 38 Bartacks to reinforce areas of trouser that experience stress, like pocket openings, belt loops, buttonholes, and the bottom of the fly
- Great for all season outdoor activities and casual daily wear. This tactical cargo trouser is well suited for Hiking, Climbing, Camping, Hunting, Fishing and Mountaineering
- Colour: **Black, Green, Brown and Navy Blue**
- Available in 3 out seam length - 40 Inches (Medium), 42 Inches (Regular) and 44 Inches (Tall)

COST - As per the design.

TACTICAL KEY CHAIN

- Key chain made of webbing with a metal HK hook
- A very useful EDC product

PRICE RANGE
Rs 400 to 900

CAMOUFLAGE NET - FIRE RETARDANT - WOODLAND CAMO

Our camouflage nets are engineered for high-stakes entry operations, where immediate concealment and tactical superiority are non-negotiable. What sets our product apart is the integration of elite material science and modern manufacturing:

High-Quality Fabric: We use premium Rip-Stop Polyester Oxford fabric, specifically chosen for its extreme durability and high tensile strength. Unlike standard nets, our material is resistant to tearing, abrasions, and the harsh rigors of rapid deployment in rugged terrains.

Latest Multispectral Technology: Our nets go beyond simple visual hiding. Utilizing advanced CPGS (Camouflage Pattern Generation Software), the patterns are digitally optimized to disrupt detection across multiple spectrums, including Visible, Near-Infrared (NIR), and Thermal IR. This technology masks heat signatures and eliminates "shine or glare" that traditional nets often give off

Superior Finishing: Each net features a precision-incised 3D leaf-like garnish that mimics natural depth and movement. The edges are reinforced with heavy-duty braided cords and high-strength poly-amide clips, ensuring the net maintains its structural integrity even under high winds or when draped over sharp-edged military vehicles.

Operational Readiness: Every net is treated to be 100% waterproof, rot-proof, and fire-retardant. This ensures it doesn't become heavy/waterlogged in the rain or ignite during contact with muzzle flashes or sparks, providing a safe and reliable "hide site" in any combat environment.

SIZES AVAIBALE.
From 3 Ft x 6 Ft to 30 Ft x 30 Ft

COST DETAILS
Rs 720 to RS 36,000 .

TIE

Men's silk accessories, such as ties and pocket squares, are a timeless symbol of luxury and sophistication, often crafted from 100% pure silk for an unmatched drape and sheen. This versatile fabric comes in several distinct versions to suit any style. Classic choices include printed silk, which allows for a vast array of colors and patterns, and repp silk, known for its distinct diagonal rib weave that offers a subtle texture. For those seeking a richer, more dimensional look, the fabric may be woven using the jacquard technique, where the pattern or embroidery is directly incorporated into the weave itself, creating an elegant, raised design.

Embrace sustainability with our wide range of carefully curated eco-friendly products. We offer guilt-free alternatives, including biodegradable containers and storage containers, along with biodegradable plates crafted from materials like coconut husk and bamboo, harnessing the power of natural resources.

Our selection extends to durable items such as elegant plates, bamboo tissue paper, and bamboo flasks. For daily use, we provide natural, chemical-free soaps, eco-friendly spoons, and practical accessories like storage boxes and tea coasters. Choose our products to make a stylish and sustainable impact. We have also got a special collection of hemp products. Some of our eco-friendly products include Diary , desk organizer , bamboo table digital clock, pens , hemp card holder , hemp laptop bags, File covers, hemp passport holder , hemp men's wallet , hemp A5 note book, hemp laptop sleeve , hemp gift sets , bamboo thermoflask , hemp duffle bags and many more. We also supply eha products for b2b rates.

BAMBOO MUGS

Elevate your daily ritual with this sustainable bamboo mug, which perfectly balances premium aesthetics with eco-conscious craftsmanship. Designed for durability and style, this natural material offers a unique, textured feel that stands out from standard drinkware. Ideal for those who value both quality and environmental responsibility, it serves as a sophisticated, toxin-free choice for your home or office.

Cost Rs 445 + GST.

BAMBOO TUMBLER

Elevate your daily ritual with this sustainable bamboo tumbler, which perfectly balances premium aesthetics with eco-conscious craftsmanship. Designed for durability and style, this natural material offers a unique, textured feel that stands out from standard drinkware. Ideal for those who value both quality and environmental responsibility, it serves as a sophisticated, toxin-free choice for your home or office.

Cost Rs 475 + GST.

BAMBOO FLASK

Elevate your daily ritual with this sustainable bamboo flask, which perfectly balances premium aesthetics with eco-conscious craftsmanship. Designed for durability and style, this natural material offers a unique, textured feel that stands out from standard drinkware. Ideal for those who value both quality and environmental responsibility, it serves as a sophisticated, toxin-free choice for your home or office.

Cost Rs 545 + GST.

WOODEN BOX WITH PEN

This elegant wooden pen box, designated as "Square - WI," offers a minimalist and sophisticated way to store or present a writing instrument.

Design: It features a clean, square-profile design crafted from light-toned wood with a smooth finish.

Structure: The box opens like a book, revealing a precision-carved, rounded interior channel designed to cradle a pen securely.

Hardware: It is equipped with metallic hinges that allow for smooth opening and closing while providing a subtle contrast to the natural wood grain.

Price Rs 165 + GST.

Wooden Pen Box

BAMBOO PENS

Bamboo pens are sustainable writing instruments crafted from the stalks of the bamboo plant, serving as an eco-friendly alternative to conventional plastic pens. Because bamboo is a rapidly renewable resource, these pens are often marketed as a conscious choice for reducing plastic waste in consumer goods.

When used in a professional or B2B context, these items are frequently customized with branding, such as company logos or names, to align with a commitment to sustainable and high-quality product offerings.

Cost Rs 65 to 450 + GST.

WOODEN BEER MUG

This wooden beer mug is a rustic, handcrafted drinking vessel made from natural wood, often designed to mimic the traditional, rugged aesthetic of historical tankards. These mugs provide a unique, earthy drinking experience, often featuring a textured grain finish that offers excellent insulation to help keep your beer chilled for longer periods.

Cost Rs 450 + GST

More Design Options are available with customisation.

TEA COASTERS

Our Bamboo tea coasters are protective, functional, and decorative accessories designed to shield surfaces, such as tables and desks, from heat damage, moisture rings, and scratches caused by drinkware. Often crafted from durable materials like wood, they add a touch of style to a setting while providing a stable, absorbent base for cups and mugs..

Cost Rs 450 + GST (Set of 2)

FRIDGE MAGNET

This bamboo fridge magnet is a decorative and functional accessory, crafted from natural, sustainable bamboo material. It features a detailed laser-engraved design, showcasing a stylized portrait that adds a rugged, personal touch to any kitchen space. Designed to be both aesthetic and practical, it provides a sturdy magnetic backing, making it an ideal choice for securing notes, lists, or photos onto a refrigerator surface.

Cost Rs 250 + GST

BAMBOO STOLE

A bamboo stole is a luxurious, eco-conscious accessory that blends sophistication with incredible comfort. Crafted from fibers derived from the bamboo plant, these stoles are prized for their unique physical properties and elegant drape.

Key Characteristics

Exceptional Softness: Often compared to cashmere or silk, bamboo fabric feels incredibly smooth and gentle against the skin, making it ideal for those with sensitive skin.

Temperature Regulating: Bamboo fibers are naturally breathable and thermal-regulating. The stole will keep you cozy in cooler temperatures while remaining lightweight and moisture-wicking during warmer weather.

Natural Drape: The fabric has a beautiful, fluid movement that adds a touch of elegance to any outfit, whether draped over the shoulders for an evening out or wrapped casually for daily wear.

Eco-Friendly: Bamboo is a highly sustainable resource; it grows rapidly without the need for pesticides or excessive water, and the fiber production process is generally considered to have a lower environmental impact than many traditional textiles.

Hypoallergenic & Antibacterial: Inherently resistant to odor and bacteria, bamboo fabric stays fresher for longer.

Cost Rs 425 + GST.

WHY CHOOSE US ?

Choosing us means partnering with a team that is genuinely passionate to serve our soldiers, driven by a commitment to deliver the best quality at a very competitive price. We stand by the promise of the exact product you see, with no shortcuts taken on materials or craftsmanship. Unlike suppliers motivated purely by fleeting trends, we are built on a deep respect for the armed forces, believing that anything started out of passion will always be superior to anything done simply for fashion. We have a dedicated team for quality checking which ensures lasting colour fastness , dimensional stability, correct GSM and other quality aspects as well right from the fibre to the finished product. We use toxic free , high quality dyes to ensure that the fabric doesn't cause irritation to the skin. All the raw materials used are of very high quality which offers the wearer atmost comfort. We have incorporated all the special finishes for cotton collections as well as DRI FIT collections which meets the international standards Our dedication ensures you receive products that are built to last and honor the spirit of service. Our products are specially crafted for our brave soldiers because we believe that our soldiers deserve the best.

FINAL NOTE

"We take quality seriously ! Because we manufacture our own fabric in-house instead of buying from outside markets, we require a minimum of 100 pieces per order. This ensures you get the exact premium feel we're known for.

Regarding payments, we follow a pre-paid system. This allows us to pour all our energy into manufacturing and ensuring your order is perfect. Thank you for supporting our process! 😊"
